

Instruction manual

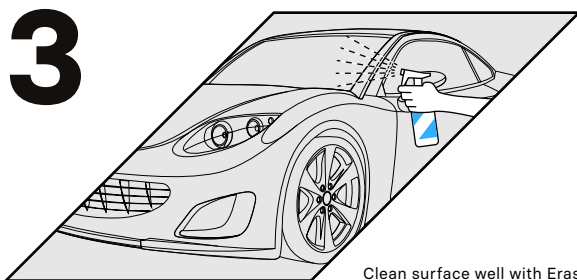

INSTRUCTIONS:

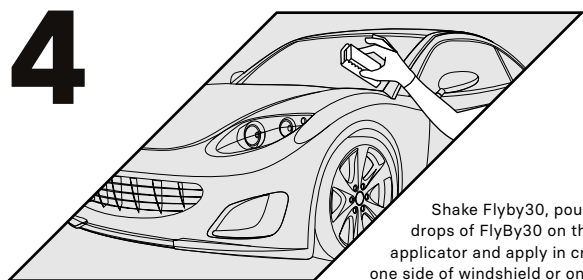

Do not apply to a wet windshield or it may cause damage to the surface.

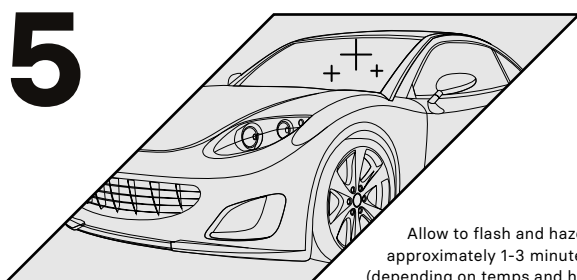

Polish your glass using Ceriglass by hand or machine. If scratches are present use machine. Wipe off residue.

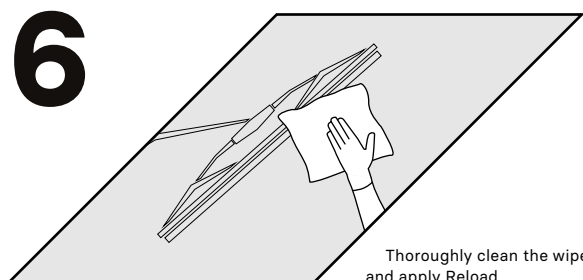

Clean surface well with Eraser.

Shake Flyby30, pour a few drops of FlyBy30 on the suede applicator and apply in criss-crossto one side of windshield or one window.

Allow to flash and haze for approximately 1-3 minutes (depending on temps and humidity).

Thoroughly clean the wiper blades and apply Reload.
